

Storage of gland packing TEMAPACK

Recommended conditions:

- Dry and dark warehouse
- Storage temperature from -10°C to +30°C
- Relative humidity 50-60%
- Do not store gland packing near sources of radiant heat (radiators, hot water pipes, hot water units)
- Avoid direct sunlight
- Store on a firm ground and in the original packaging

Recommended storage time:

When those conditions are met, the storage period to 5 years. Storage time also depends on the type of input material.
